

How to Determine your Ring Size

Measure Current Ring

1. Select a ring that properly fits the intended finger. Engagement and wedding rings are traditionally worn on the ring finger on the left hand in the United States.
2. Place the ring over the circles below, matching the inside edge of the ring to the circle nearest in size. This measurement refers to the inside **diameter** of the ring.
3. If the ring falls between two sizes, order the larger size.
